

## 2019 Summer Student Application Form

The Iron Ore Company of Canada is seeking applications from post-secondary students for the 2019 Student Employment Program. The Iron Ore Company of Canada, will be hiring students in the summer months to assist with vacation coverage in Labrador City. These students work in our mine, plant and railway facilities as part of a team to ensure day-to-day activities continue to move forward during peak vacation periods.

- Students must indicate for which position they wish to apply and be considered.
- Students must be available to work the entire summer period from the identified start date.
- Students being considered for safety sensitive roles must successfully complete the substance abuse testing as well as fitness testing requirements for summer employment.

### **Mining Operations (Haul Truck Driver)**

The successful students will work as haul truck drivers and be part of a team to ensure day-to-day activities continue to move forward during peak vacation periods.

- Students must be 19 years of age
- Have a valid class 05 Driver's License for at least one year

**Please consider my application for the position of Haul Truck Driver:**

Yes /  No

### **Processing Operations (Attendant)**

The successful students may work in the Pellet Plant, Concentrator, Site General Services, Loadout, Chem Lab, Warehouse or Ore Delivery System and be part of a team to ensure day-to-day activities continue to move forward during peak vacation periods.

**Please consider my application for the position of Attendant:**

Yes /  No

Interested applicants must meet eligibility criteria as outlined in the advertisement and submit all required documentation (Resume, Student Verification Form, Application Form, copy of valid Driver's License (front & back) and a Code of Conduct).

Please submit these documents via email to  
studentrecruitment@ironore.ca no later than **April 26, 2019**
